## TO PREVENT THE FIGHT

Governor Culberson Will Leave  
No Stone Unturned.

## THOUSANDS OF DOLLARS SPENT.

Those Favoring the Fight Claim That to Prevent It No Cause Serious Loss to Innocent Persons, and Claim That It Will Not be Prevented.

AUSTIN, Tex., Sept. 30.—The following is direct from the governor's office, and is self-explanatory:

"Governor Culberson's efforts to bring on his position against prize fighting. He intends to suppress it, and will exert every power of his office to that end. He believes that the law as it now stands is against it, and that the decision of Judge Hurt is fundamentally wrong. His proclamation does not recede one inch from his declared purpose to enforce the law, regardless of the Hurt opinion. He simply begins with mild pacific measures before force is used. The legislature will convene Oct. 1, and the case against Comptroller Finley, it is said, will be set for hearing in the supreme court. What the legislature will do then will be known when the case comes up, in all probability. If the legislature shall pass an effective law, and put it into immediate effect, that will end it. If it does not the supreme court will probably decide the matter in a few days, after Oct. 10, and if it holds that the license law is not operative, and the criminal statute against prize fighting is in force, the public may rest assured that the governor will use all the military force of the state to uphold the law. Should the decision of the supreme court be against the state there will remain the law against duels and disturbances of the peace."

Ex-Governor O. M. Roberts has written Governor Culberson commending his conduct in calling the legislature. There are grave doubts, however, about the legislature passing a law with the requisite two-thirds vote to give it immediate effect. Inquiry sent members as far as heard from indicate that a law to take immediate effect making prize fighting a felony will go through by an overwhelming majority.

It is claimed, however, by those favoring the fight, that Governor Culberson should have called the legislature immediately after Judge Hurt's opinion and before the fight management expended thousands of dollars on the building. He waited, however, nearly three weeks, during which time, it is asserted, many thousands of dollars have been paid out in making preparations for the fight, and to prevent it now will cause serious loss to innocent parties and be an act of injustice. Several members of the legislature are known to entertain these views, and it may be that they can muster force enough to prevent a two-thirds majority. Eleven senators can do for the emergency class, and it is well known that the senate and the governor were not on good terms at the adjournment of the legislature last winter.

The correspondent of the Chicago Tribune telegraphs interviews with a number of Texas senators and representatives, giving their opinion regarding the passage of a law with an emergency clause to prevent the Corbett-Fitzsimmons fight. They are without exception favorable to the law, and the senators and representatives declare in no uncertain terms that they will stand by Governor Culberson. It is said the list includes several who have already been counted as among the friends of promoters of the mill.

Lieutenant Perry Still at Halifax.

HALIFAX, N. S., Sept. 30.—In spite of the published fact that Lieutenant Perry, the famous Arctic explorer, was on his way

here from St. John's, N. F., on Saturday left for Boston immediately afterwards. He is still here. It has developed that Lieutenant Perry played a sharp trick on the newspaper men by having it announced on his arrival that he would leave for Boston with his party at once. Several members of the party did leave for Yarmouth, and all the evening papers announced that Lieutenant Perry and his wife had gone. Lieutenant Perry appears anxious to avoid publicity, and it is not known when he will leave Halifax.

Shooting for Her Husband's Body.

NEW YORK, Sept. 30.—George Baugh died on Thursday last, and his body lies at the residence of his uncle, John Harkins, on West Thirty-seventh street. Yesterday Mrs. Jane Baugh, his common law wife, was denied permission to view Baugh's body. Mrs. Baugh claims that on Friday last she was violently assaulted at her flat by the sister of the dead man. On Saturday last Miss Baugh was served with an injunction restraining her from disposing of the remains. Mrs. Baugh has brought suit to recover \$10,000 damages for the detention of the body and for the assault.

Shot by a Jealous Rival.

WASHINGTON, C. H. O., Sept. 30.—Lida Hargrave, of this place, shot and badly wounded Daisy R. Hargrave, of Columbus, here late Saturday night. Miss Rodman and Miss Hargrave attended a festival, and a young man who had been paying attentions to Miss Hargrave started to accompany Miss Rodman home. This aroused the jealousy of Miss Hargrave. She procured a revolver, fell upon the couple and shot Miss Rodman in the shoulder. The girl was arrested.

Horrible Fate of Two Men.

DENVER, Colo., Sept. 30.—Two young men were killed on the Pennsylvania railroad here as a result of an attempt to crawl under a freight train. The unfortunate men were supposed to have escaped from the Indiana state reformatory. Both of the victims were badly dressed and appeared to be about 21 years of age. Nothing about them was of a card. "Richard A. Hargrave, Indiana Reform School," was found as a means of identification. As there is no reform school in Indiana, Pa., that place is not thought to be their home.

Indians Ready for the War Path.

HENNESSEY, O. T., Sept. 30.—A report has reached here that the Cheyenne and Arapaho Indians, on the reservation west of here, have become ugly and are holding war dances, and disregarding the agent's orders to keep on the reservation. Rumors from Anadarko are in confirmation with them, and it is said that the Kiowas are ready for the war path. The cutthroat in western Oklahoma are thought to be partly the cause of the trouble, as well as dissatisfaction with the agent, who is very strict.

Fatal Diphtheria at Lebanon.

LEBANON, Pa., Sept. 30.—Diphtheria prevails in the independent district in the northern suburbs of this city. The first death was that of John Brossman, a young son of Ezra Brossman. Two other children of Mr. Brossman are seriously ill with the same disease, and are not expected to recover. Dr. Samuel P. Heilmann, of Hollandsdale, deputy inspector of the state board of health for Lebanon county, is in charge of the infected district.

The Situation in Cuba.

HAVANA, Sept. 30.—The situation here is practically unaltered. There have been several skirmishes in the last few days in the province of Santa Clara, both sides losing a considerable number of killed and wounded, but neither gaining any substantial advantage. A correspondent in Santiago de Cuba writes that the insurgent leader Jose Maceo has abandoned his strong position near Guantanamo and is moving further westward.

## PROFESSOR PASTEUR'S DEATH.

France Will Give the Eminent Physician a State Funeral.

PARIS, Sept. 30.—Professor Louis Pasteur, the distinguished chemist and discoverer of the cure for hydrophobia, died at Garches, in the environs of Paris, Saturday evening, aged 72. The government has decided to hold a state funeral. Professor Pasteur's widow has received telegrams of sympathy from President Faure, from M. Chaumié, president of the senate, and from all parts of the world. The government desired to enter the remains of the distinguished scientist in the Pantheon, but it was the family's wish that he should be buried at the Pasteur institute. The obsequies will be held at the Cathedral of Notre Dame, probably on Thursday.

M. Pasteur's discovery of the hydrophobia cure was the result of years of research and experiment, and was the crowning achievement of his career. Honors were showered upon him. The Academy of Sciences, the Academy of Medicine and finally the French Academy opened their doors to him. On Dec. 27, 1882, his 70th birthday was celebrated with great enthusiasm. In delivering an address from the Royal London society, Sir Joseph Lister, the famous English surgeon, said to Pasteur: "Really, there is not in the whole world a man to whom medical science owes more than it does to you."

Since 1882 Pasteur, loaded with honors, enjoying universal respect, had lived in the magnificent institution which bears his name, and which is supported by the state.

According to Professor Huxley, M. Pasteur's labors have been equal in money value to the whole \$1,000,000,000 of indemnity paid to Germany in the late war.

Swindler Harvey in Winnipeg.

WINNIPEG, Minn., Sept. 29.—Edward E. Harvey, of Detroit, Mich., who is accused of swindling fraternal organizations there out of \$500,000 is here. He says that Johnston, assistant cashier of the Peninsular Savings bank at Detroit, has been at Winnipeg recently to see if he would make any settlement. Johnston had returned to Detroit, apparently satisfied with what he had accomplished. Harvey gave up every cent he had to his creditors and those of the firm he was with, and was now penniless.

Ran Down and Killed by a Bicyclist.

ADRIAN, Mich., Sept. 30.—While riding his bicycle after dark in Tecumseh, Rev. J. J. Hudson, pastor of the Baptist church of that village, struck Miss Woodward at a crosswalk, injuring her so severely that she died. A contusion on the young woman's head was the only mark of injury.

Stole the Cash Register.

ALTOONA, Pa., Sept. 30.—Burglars entered the White Hall hotel in this city during the night, carried off the cash register, broke it open, and secured \$250.

Suicide in a Cellar.

TRENTON, Sept. 30.—Charles Leroy Welling, a prominent rubber salesman of this city, committed suicide yesterday at his father's home on North Clinton avenue. Welling was found dead in the cellar with his throat cut. He had been drinking during the past few days. No other cause for the suicide is known. Welling studied law and was admitted to the bar in 1876, but he has not practiced in many years. When he did it was with the Jersey City firm of Gilchrist, McGill & Gilmore, which included Chancellor McGill.

Major Armes Again in Trouble.

WASHINGTON, Sept. 30.—Captain George A. Armes, better known by his brevet title of Major Armes, a retired United States army officer now engaged in the real estate business, is again in trouble. He is the man who pulled Governor Beaver's nose. He wrote an insulting letter and sent it to Lieutenant General J. M. Schofield, his superior officer and acting secretary of war, who thereupon caused his arrest last Friday night at his home, at Chevy Chase, in the suburbs of this city. Armes will be court-martialed.

## TO SUCCEED SCHOFIELD.

General Miles Will Command the  
United States Army.

## A BRILLIANT MILITARY CAREER.

The First Commander of the Army Since General Winfield Scott Who Was Not a Graduate of West Point—His Services as an Indian Fighter.

NEW YORK, Sept. 30.—There is now no longer any doubt that Major General Nelson A. Miles will succeed Lieutenant General Schofield in the office of general in command of the United States army. General Miles made a statement of the fact last night to a reporter of the Associated Press, saying that he was informed of President Cleveland's determination to appoint him on Friday last by Secretary of War Lamont, whom he met in this city by special appointment at the Metropolitan club.

General Schofield retired from active service at noon yesterday, and it is probable that the appointment of General Miles will be announced within a day or two. The general will go to Washington in a few days to assume the duties of his high position.

This announcement will set at rest the rumors which have agitated army circles the past year concerning General Schofield's probable successor.

GENERAL NELSON A. MILES.

Miles was the senior major general of the army, and one of the most popular, personally, with his subordinates. It was reported that he was, for some reason, persona non grata to the president, and that the fact that he had no diploma from West Point might weigh against his chances. General Ruger was the principal rival for the appointment mentioned.

There was also an impression in some quarters that the office of general of the army might be left vacant for some time, as there is no requirement of law for such a position and as there are precedents for leaving it unfilled. Only once since the army was organized, however, has the president failed to appoint the senior general to the command of the army.

When General Miles was seen by a reporter of the Associated Press at his headquarters on Governors Island, he spoke freely of his appointment.

"My informant," said the general, "was Secretary Lamont, whom I met by special appointment at the Metropolitan club in New York last Friday. Naturally, I was much gratified. In a sense, however, my appointment is not a promotion, as the grade of lieutenant general became extinct with the retirement of General Schofield. I will enter upon my new duties with as little delay as possible; in fact, as soon as the secretary of war issues the order announcing my succession."

"In leaving here I will do so with many regrets. This is the pleasantest post I ever had. Although in the very heart of civilization it is as much retired as if it were hundreds of miles away. Instead of being within a gun-shot of the metropolis, then, too, the people of New York and Brooklyn have been very hospitable, and I shall leave them with many social obligations."

General Miles was asked whether he will recommend any changes in the administration of the army. He replied that if he so contemplated it would hardly be proper to discuss them at this time.

The general would make no direct reply to the question whether he thought the grade of lieutenant general might be revived by congress in his case, as in that of General Schofield.

When asked whether General Ruger will succeed him in command of the department of the east General Miles replied:

"That is the general impression, but, of course, I cannot speak authoritatively."

The rank of lieutenant general expires with General Schofield's retirement, as it is a grade created only by special acts of congress in recognition of distinguished services. It has been bestowed upon six generals—Washington, Scott, Grant, Sherman, Sheridan and Schofield.

General Miles has received all his military training on the field of experience, instead of in the schools. He will be the first general for many years who was not a West Point graduate, and as the West Pointers are reputed to esteem themselves the aristocracy of the arms it has been reported that his volunteer antecedents would militate against his appointment, so far as the influence of the army circle had to do with it. General Winfield Scott was the last commanding general who was not a West Point man.

General Miles is a native of Massachusetts, having been born in Westminister on Aug. 8, 1830. In 1861 he joined the Twenty-second Massachusetts and served throughout the rebellion with great distinction. He distinguished himself early in his career in the Army of the Potomac, and took part in every engagement, except one, up to Lee's surrender at Appomattox. General Miles distinguished himself in particular at Spotsylvania. Attacking the bloody angle on the right, he broke the enemy's

line, routed him and captured Lieutenant General Bushrod Johnson and his division. At Five Forks Miles saved the day by coming to the rescue of Sheridan's cavalry and Warren's fifth corps.

General Miles' promotion was marked by somewhat exceptional rapidity, only about a year elapsing before he was made lieutenant colonel of the Sixty-first New York infantry, and a month later he was made a colonel of the same regiment. In 1861 he attained the rank of brigadier general of volunteers. In 1865 he was mustered out of the volunteer service and placed in command of the Fourth United States infantry, in which he remained till 1870, when he was transferred to the Fifth infantry.

Altogether the new commander has had a varied military career. Since the war he has been best known as an Indian fighter. He did fine work at the head of the Indian territory expedition in 1874. In 1876 he drove Sitting Bull over the Canadian line, captured a number of noted warriors, and also succeeded in making prisoners of Chief Joseph and the Nez Percés. In 1878 he defeated and captured a band of Banocks in Yellowstone Park. Not long after this he succeeded in bringing in Sitting Bull, and this was more a factor than any other man in the settlement of Montana and North and South Dakota. In 1886 he captured Geronimo and his band of Apaches in Arizona.

His most recent claim to public attention was the part he took in suppressing the Chicago strike of the American Railway union last year.

General Miles was commissioned brevet brigadier general March 2, 1867, brigadier general December, 1869, and major general in 1890, when he was assigned to the command of the division of Missouri, which he relinquished last year to take command of this department on the retirement of Major General O. O. Howard.

In appearance General Miles is one of the most stalwart and soldierly men in the service. He is over six feet tall and does not look his fifty odd years.

## THE CUP REMAINS HERE.

Ethelwyn Wins the Deciding Race in the Contest with Spruce IV.

OYSTER BAY, L. I., Sept. 30.—The Seawanhaka Yacht club's perpetual challenge cup for small boats will not be carried away this year by an English champion. In the last of the international races, sailed on Saturday, on a triangular course of twelve miles off Oyster Bay, the little Ethelwyn fairly ran away from the British challenger, Spruce IV, crossing the finish line to the music of shrieking steam whistles, booming cannon and ringing cheers, a winner by ten minutes and forty-one seconds.

The ease with which the Ethelwyn carried off the honors was a surprise to even her most ardent admirers. Two victories stood to the credit of this little racer, and it was expected that the decisive struggle would be a close one, but in a stiff breeze, and in the sort of sailing in which the visitor is at her best, the little Yankee showed her a clean pair of heels over the whole course.

## Two Killed at the Gun Proving Grounds.

NEW YORK, Sept. 30.—During a test of a Canon rapid fire gun at the Sandy Hook proving grounds the breech block blew out as it was being screwed in, instantly killing two privates of the ordnance department, who were serving the gun, and injuring two more, one of whom will probably die. Lieutenant Montgomery, who was conducting the test, escaped with a concussion of the head. The dead are: Corporal Robert Doyle, 25 years old, of Philadelphia, instantly killed. Private Frank Conway, of Green Island, instantly killed. Private James Corne was cut on forehead and neck and face, and will probably die. Private William McDonald had his left arm above the elbow blown away.

## Blighting Frosts in the West.

CHICAGO, Sept. 30.—Blighting frosts swept over Minnesota, Wisconsin, northern Illinois and portions of western Michigan Saturday night. Fruit growers and celery pickers in these regions were warned twenty-four hours in advance, but it is improbable that they were able fully to protect themselves. The maximum temperature in Chicago yesterday was 24 and the minimum 42. The drop this morning to 40 degrees is sufficient to produce a killing frost in this section.

## To Investigate a Negro Colony.

MARINE, Mexico, Sept. 30.—Lieutenant Charles G. Dexter, military attaché of the United States legation in the City of Mexico, has been ordered by Minister Ransom to visit the Tabasco colony near here, and make a thorough investigation into the treatment of the negro colonists and the causes of so many deaths among them when they were preparing to abandon the plantation and return to their homes in Alabama.

## Miners' Wages Fixed for a Month.

POTTSVILLE, Pa., Sept. 30.—At a meeting of the committee of the Schuylkill Coal exchange held here this morning, wages to be paid the miners in this region for the last half of September and the first half of October was fixed at 77 percent below the \$2.50 basis. The members of the Philadelphia and Reading Coal and Iron company have decided to raise the rate for their miners to ten per cent below the basis.

## Murdered for Her Diamonds.

PROVIDENCE, Sept. 30.—Mrs. Lucy Lindsey, 53 years old, was found murdered in her home at No. 163 Matheson street. She had been killed for her diamonds and what other property and money was in the place. There is no clew, and the medical examiner and police can find no blood to show where the woman was struck down. The deed was committed with an ax.

## No Attempt to Kill Premier Ito.

YOKOHAMA, Sept. 30.—It is now learned that no actual attempt was made on the life of Marquis Ito, prime minister and president of the council of Japan, as was reported on Saturday, but a conspiracy has been discovered, the participants in which intended to kill Marquis Ito. Documents which implicate the man who has been arrested have been found.

## THE BRITISH DEMANDS.

They Will be Enforced by a Strong  
Fleet of Warships.

## THE ENGLISH ADMIRAL WILL ACT

Unless Within Fourteen Days an Edict Is Issued Degrading the Viceroy of Szechuen—London Newspapers Urge Positive and Determined Action.

SHANGHAI, Sept. 30.—Failing the entire compliance of the central government with the British demands, it is understood that a fleet of fourteen warships will make a demonstration before Nankin tomorrow or Wednesday. The British demand is that within fourteen days an edict must be issued degrading the viceroy of Szechuen, or otherwise the British admiral commanding will act. The wife and family and the treasure of the viceroy of Nankin have been brought to Shanghai for safety. Rich Chinese merchants are coming here from every side seeking shelter.

The British warships Rainbow, Plover, Spartan, Swift and Eolus are at ports on the Yang-Tse-Kiang river. The Caroline, Undaunted, Edgar, Archer and Alacrity are at Woo-Sung. The Daphne and Firebrand are at Shanghai. The British admiral is on board the Edgar.

## URGENT DETERMINED ACTION.

The Manchukuo Dynasty Impaired by the Existing Controversy.

LONDON, Sept. 30.—The Standard says regarding the Chinese situation: "The position of the Chinese government is extremely perilous. It has enough on its hands, without a quarrel with England. It is too soon to say that the fall of the Manchukuo dynasty is imminent, but the news of the spread of the Mahometan insurrection is alarming. The British demands must be supported by the presence of our fleet in the Yang-Tse-Kiang, if not by the occupation of Nankin. We doubt if the Manchukuo dynasty could survive such a shock. If the Mahometans of the west find a leader, and if, at the same time, the imperial government is rash enough to defy the western powers, a revolution is inevitable."

The Times dwells upon China being a huge and inert mass whose friendship is not worth cultivating by feeble concessions to her pretensions and pride. "What we want done," The Times continues, "we must insist on having done, not by futile representation at Peking, but by going to the spot in question and seeing it done ourselves."

## Will Contest His Mother's Will.

SAN FRANCISCO, Sept. 30.—It is stated that Jesse Potter, the son of Mrs. Charles Lux, will attempt to secure the \$4,000,000 estate left by his mother. When the widow of the cattle king died her estate consisted almost entirely of a one-quarter interest in the cattle farm of Miller & Lux. She left \$100,000 to her son and a number of smaller bequests to relatives and charities. The remainder, amounting to over \$3,000,000, was left in trust, the income to be paid Jesse Potter during his life. When Potter dies the estate is to be divided between his son and two of Mrs. Lux's sisters. A clause in the will provides that in case any legatees contests the will he shall forfeit his legacy.

## The Convict Coiner's Accomplishes.

INDIANAPOLIS, Sept. 30.—Henry A. Patton was brought to this city yesterday afternoon in custody of a federal official and placed in jail under commitment of Commissioner Harris, of New Albany, for passing counterfeit money, and in default of \$2,000 bail. Patton is a brother of the president of the Patton Hollow Ware company, and was foreman of the company's plant at the southern prison. He was apprehended in the act of buying spurious coin from a convict and confessed to having been circulating the bad money for about six months. John Lynch, formerly a guard at the prison, has also been arrested as an accessory.

## Beaten to Pieces on the Rocks.

NEW LONDON, Conn., Sept. 30.—The schooner Josie F. born 1 from St. John, N. B., for Stonington, with a cargo of lumber ran on to the rocks off Napatree Point before daylight. A gale was blowing, and the vessel was soon beaten to pieces. The crew were taken off by the Watch Hill life savers. The tug E. E. Ives went to the scene of the wreck, but was unable to save anything. The Josie F. was owned in the British provinces. She was insured for only a small amount.

## Ezeta's Arms Detained.

CITY OF MEXICO, Sept. 30.—A number of cases of arms and ammunition which were brought from Mazatlan in the Pacific mail steamer City of Sydney by Antonio Ezeta have been detained at Acapulco by the custom house authorities. Ezeta was on his way to Guatemala, but stopped off at Acapulco because the captain of the steamer refused to take him any further, as he feared international complications.

## A Dishonest Postmaster's Little Scheme.

OMAHA, Neb., Sept. 30.—J. N. Simmons, the postmaster at Pella, Ia., is under arrest at Nebraska City. Simmons is accused of issuing postal notes payable to himself at various towns in Nebraska and getting them cashed. He is alleged to have worked the scheme successfully at South Omaha, Papillion, Plattsmouth and this city before being detected.

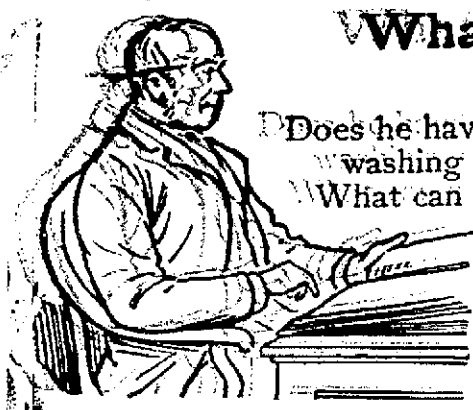

## Deserted on the Wedding Day.

SHAWNEE, Pa., Sept. 30.—While the intended bride, Mrs. Eva Shuda, a widow, was waiting for her lover, Joseph Wioska, to take her to church where they were to have been married he suddenly disappeared. Up to last evening no trace could be found of him.

## To Christen the Cruiser Brooklyn.

WASHINGTON, Sept. 30.—At the invitation of Secretary Herbert, Miss Ida Schieren, daughter of the mayor of Brooklyn, will christen the new cruiser Brooklyn when it is launched.

## What's your husband's work?

Does he have to do anything as hard as your washing and scrubbing? It can't be. What can a man do that's as hard, for most men, as this constant house-dutty is, for most women?

If he has any sympathy for you, tell him to get you some Pearline. Sympathy is all very well, but it's Pearline, not sympathy, that you want for washing and cleaning. Nothing else that's safe to use will save you so much downright hard work at the washtub or about the house. It saves money, too—saves the ruinous wear on clothes and paint from needless rubbing.

## HAVE YOU THE TIME?

THE ODDS ARE TWENTY TO ONE THAT YOU HAVE NOT.

Some of the Reasons Why Most Timepieces Are Always More or Less Out of the Way—How Correct Time Is Received Daily From Washington.

Ninety-nine men out of a hundred keep incorrect time. Ninety-nine men out of a hundred are just in the act of regulating their watches in front of a window that has a chronometer in it. If you ask a man the time, and his watch is wrong, he is invariably going to the watchmaker that very day to have it put in order. No one has any idea of keeping the correct time. All believe that they have it in their pockets, and none ever gets it except at the moment of setting his watch.

If you have a friend in the railroad business and stop him in the street with a friendly "Hello, old fellow, what's the time? You always have it correct," he will haul out his timepiece with an important air and give the hour in a voice that shows he knows what time it is and that he is never wrong. A square or two farther on you chance to meet another friend in the same line of business. You ask him the time, receive an answer, smile to yourself and pass on. There was ten minutes' difference between them. Every time the state-house bell strikes a hundred men pull out their watches with a confident air of being correct and put them back with an expression of extreme surprise. We all live, flourish and die in time, but no one keeps the correct immediate record of the moments that beat out slowly and surely the limit of longevity.

An experienced jeweler and watchmaker, when asked the reason why so few people kept good time, said that nine-tenths of the causes of bad running watches was due to carelessness and irregularity in winding. A watch should be wound at the same time every day, and it ought to be regulated on one day every week at the noon hour, when both hands come together. The finest watches cannot be made perfect, and the best way to detect any difference between the two hands is to reset them at 12 o'clock, and if they are not exactly together make them so by holding the longer and winding the hour hand up to it.

An expensive jeweled watch ranging from \$500 to \$1,000 is very seldom in good running order simply because the owner is afraid to let a jeweler tamper with it and does not dare touch it himself.

In a large city correct time, absolutely correct time, is a matter between some dozen or two of men who follow almost every stroke of the pendulum and correct their chronometers with as much daily regularity as Captain Cuttle did his famous timepiece. Women are said to be the most careless in the attention to watches. A lady has a watch presented to her by a gentleman friend and voluntarily promises to keep it in the very best running order. The gentleman friend has his misgivings on that score, but he gets the jeweler to put it in good shape a couple of weeks ahead and thereupon hands it over to the lady. Now, that watch has been running like a chronometer until the fair owner gets hold of it. The first thing she does is to note the time in a store window, and as her watch does not agree with it she sets it accordingly, putting the regulator away over to one side. That night she forgets to wind it up, the next morning she winds it up only half way for fear of breaking the main spring and sets it by another clock in the afternoon. Then it runs down inside of eight hours, and she thinks it is running wild—as it very likely is, since she has put the regulating lever back and forth no less than six times in the course of a week. After this she wonders why the watch is always wrong and blames the jeweler.

Correct time comes into Philadelphia every day at noon by telegraph from the United States time observatory at Washington, where the "drop ball" makes an electric contact that sends the signal all over the country. The first clock in the city communicating with the observatory wire is at the Maritime Exchange. At 56 minutes after 11 the hands of the clock automatically click into place by the action of the magnet and the little train of wheels attached to it. Thus the Washington time ball becomes at once the authority for all clocks and an infallible adjuster. The state-house clock is wound and regulated weekly by an expert chronometer maker, who sets his own watch by Washington communication and carries it immediately to Independence Hall. Many large manufacturers and business places where it is necessary on account of the number of men employed to have strictly consecutive time employ a man to wind, keep in order and regulate their clocks the year round. Clocks kept closely to the mark in this way are very seldom in need of extensive repairs, and like intelligently regulated watches have less tendency to go wrong.

The Washington observatory clock runs for years together and has never varied more than six seconds for any one year.

It is kept true by continual quadrant observations on the altitude of the sun at its meridian. As the earth's revolutions become slower only by the fraction of a second in a thousand years it may be said that we are unable to take advantage of the natural means afforded for absolute time regulation in spite of the care that has been exercised in the making of timepieces. For 26,000 years, since the first recorded mention of any instrument to measure time, in Isaiah xxxviii, 8, men have been at work constructing appliances of all descriptions, all of them more or less faulty, to tell them when to eat, sleep and get up again. Is there no one to invent a timepiece that shall be able to keep up with the earth in point of exactitude?—Philadelphia Times.

## EARTHQUAKE JOHNNY MILNE.

He is an Expert on Seismic Shocks and Has Married a Japanese.

Earthquake Johnny is the somewhat undignified appellation the foreign residents of Tokyo have bestowed upon the famous sharp, Professor John Milne, F. R. S., who has long been in charge of the department of mining, metallurgy and mining machinery at Tokyo university, Japan, and who recently left there to take up his residence in the isle of Man. Professor Milne probably knows more about earthquakes than any other man. The study of seismic disturbances is his fad, and he has devoted years to making interesting experiments and to inventing machinery for the measurement of earthquakes. His book on "Earthquakes" has had a large sale and is considered an authority on the subject. During his investigations in Japan he has had 900 observers scattered about the kingdom and the government has aided him in various ways.

When he went to the Land of the Rising Sun, Professor Milne was looked upon as a confirmed old bachelor, but a pretty Japanese girl won his heart, and they were married not long ago at the British legation in Tokyo. Mrs. Milne is a charming young woman and holds a diploma for her skill in artistically combining and arranging flowers.

There is one building at Tokyo university that is expressly devoted to fine apparatus designed to record the motions of earthquakes, and there are experimental structures erected for the purpose of learning by actual experience what sort of a building will best withstand the seismic convulsions. At one time Professor Milne recommended that buildings in the earthquake centers of Japan be built upon cannon balls so arranged that they could move an inch or so, but the experiment was tried and proved a failure.

Professor Milne has invented a machine for indicating the slightest vibration of the earth. Each shock, he believes, is preceded by premonitory tremors which are registered by his machine, but these tremors have little value as indicating an approaching earthquake, for the reason that he cannot tell whether they presage a shock or are merely the effect of shocks in other parts of the world. He has learned that objects deeply and firmly imbedded in the ground withstand shocks better than those on the surface.

## To Note Our Trade With Japan.

SEATTLE, Wash., Sept. 30.—A Japanese syndicate is soon to put on a steamship line between Japan and some point on the North Pacific coast, and Seattle is making a strong effort to have the American terminus of the line located here. The Japanese line will in October next consider a subsidiary line which has for its object the execution of navigation to foreign countries. In case of favorable action on this it is thought to be pretty certain the company will immediately send an agent to this country. The United States annually imports from Japan \$30,000,000 worth of goods while it sells to that country only \$6,000,000.

## Shot the Day in the Back.

TRINIDAD, Sept. 30.—The relatives of George Fulton, a lad 9 years of age, have brought suit against the Pennsylvania railroad to recover \$10,000 damages. The boy was shot in the back by Special Officer Gripe at the coal port in this city. The latter says the boy was standing coal with a lot of others, but this his relatives deny.

## Killed While Clearing a Track.

ALBUQUERQUE, N. M., Sept. 30.—James Stuebner, of the Gallatin wedding crew, was assisting in clearing up a railroad wreck on the west end of the city yesterday when a bar fell on him and killed him.

## A Kansas Counterfeiter Captured.

LEAVENWORTH, Kan., Sept. 30.—Edward Davis, a married man with six children, was arrested and placed in jail today for making counterfeit money. In his house were found a quantity of counterfeit and dies for making silver dollars, halves and quarters. William Workman, with Charles Mosher and his two daughters were also arrested upon the charge of passing counterfeit money. All acknowledged they had received the counterfeit money from Davis, and that they had seen him manufacture them.

## A Child Tragically Burned.

HAZLETON, Pa., Sept. 30.—Annie Peocoy, aged 4 years, met with a terrible accident here yesterday. A quantity of mountain brush near her home was burning, and while playing around it her clothing caught fire. Frank Harsh answered her cries, and in trying to remove her clothing tore the flesh from her bones. She was so terribly burned that her life is despaired of.

Ayer's Sarsaparilla is not a secret preparation. Any physician may have the formula on application. The secret of its success as a medicine lies in its extraordinary power to cleanse the blood of impurities and cure the most degenerated cases of blood disease.

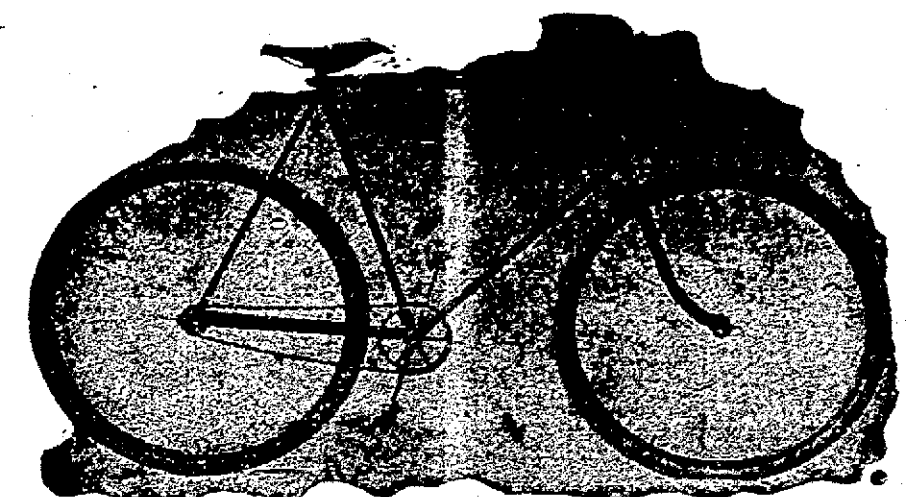

## BAKE A BATCH OF BISCUITS

Sift one quart of flour, two rounding teaspoons of baking powder, and one teaspoonful of salt into a bowl; add three teaspoonfuls of COTTOLINE and rub together until thoroughly mixed; then add sufficient milk to make a soft dough; knead slightly, roll out about half an inch thick, and cut with a small biscuit cutter. Place a little apart in a greased pan, and bake in a quick oven for fifteen or twenty minutes. These biscuits should be a delicate brown top and bottom, light on the sides, and snowy white when broken open.

The secret of success in this recipe, as in others, is to use but two-thirds as much Cottolene as you used to use of lard. Cottolene will make the biscuit light, delicious, wholesome. Better than any biscuit you ever made before. Try it. Be sure and get genuine Cottolene. Sold everywhere in tins with trade-marks—"Cottolene" and steer's head in cotton-plant wreath—on every tin. ## JUDICIAL CONVENTION.

Pursuant to the resolution adopted at the Democratic Judicial Convention of 1894, for the Second Judicial Department, authorizing and directing the chairman of that convention to name the time and place for the holding of the next Democratic Judicial Convention for that district, the hereby designate the County Court House, in the city of Brooklyn, as the place, and October 2d, 1895 at 12 o'clock m., as the time for that convention to meet for the selection of judges and candidates for the Supreme Court in the Second Judicial Department.

ROBERT S. LEWART, Chairman Democratic Judicial Convention 1894.  
JOSEPH F. FITCH, Secretary Democratic Judicial Convention 1894.  
Dated Brooklyn, Sept. 12th 1895.

## DEMOCRATIC SENATORIAL CONVENTION.

The Democratic electors of the Twenty-third Senatorial District are hereby requested to send forty-eight (48) delegates to represent them in the Senatorial Convention, to be held at the Casino, in the city of Middletown, on

WEDNESDAY, OCT. 2d, 1895,

at 1 o'clock p. m. The said delegates to be apportioned as follows: Rockland county, sixteen (16) delegates; Orange county, thirty-two (32) delegates; to be apportioned to the several towns and wards, as follows: Each town and ward to elect one delegate, with the exception of the town of Deerpark, which is requested to send three delegates.

E. A. BROWN, Chairman.  
MICHAEL MCCABE, Secretary.  
A. S. CASSEY,  
S. D. ROBERSON,  
GEO. H. PIERSON, Senatorial  
CHAS. M. YALE, Committee  
JOHN F. WALSH,  
GEORGE DICKET,  
J. ROBERT STEPHEN.  
Dated Newburgh, Sept. 10th, 1895.

## DEMOCRATIC COUNTY CONVENTION.

A Democratic County Convention will be held at Goshen, N. Y., on Tuesday, Oct. 2d, 1895, at 12 o'clock noon, to select candidates for the office of county officers, and transact such other business as may come before the convention.

S. D. ROBERSON, Chairman.  
R. B. SAY, Secretary.  
Dated Sept. 27th, 1895.

## TOWN OF MINISINK.

The Democratic electors of the town of Minisink are requested to meet at Chardavorn's Hotel, Westtown, Tuesday, Oct. 1st, 1895, at 2 o'clock p. m., to elect delegates to the Senatorial, County and Assembly District Conventions, and to transact all business that may properly come before the meeting.

By order Town Committee  
Dated Westtown, Sept. 25th, '95.

## DEMOCRATIC NOMINATIONS.

For Secretary of State, HORATIO C. KING, of Kings county.  
For Comptroller, JOHN B. JUDSON, of Fulton county.  
For Treasurer, DEWITT C. DOW, of Schoharie county.  
For Attorney-General, NORTON CHASE, of Albany county.  
For Engineer and Surveyor, EDWARD C. FLETCHER, of Onondaga county.  
For Judge of the Court of Appeals, JOHN D. TELLER, of Cayuga county.

There are now 10,500 patients in the State Hospitals, and the number will be increased to 12,000 as soon as the Kings County Asylum comes fully under the jurisdiction of the State Lunacy Commission.

The Republicans of the First Assembly District of this county held their convention in Newburgh, Saturday. Hon. Lewis F. Goodsell, of Highland Falls, was renominated for the Assembly by acclamation.

Republican politicians from the rural districts who attended the State Committee meeting in New York, Saturday, and remained over Sunday, did not suffer from drought, though yesterday is said to have been one of the driest Sundays New York has known since Roosevelt began to enforce the excise law.

A Republican convention in Madison and Adair counties, Iowa, nominated a candidate for Senator, Saturday, after 3,025 ballots. Then the gathering broke up in a grand row because all the delegates who had voted for the defeated candidate for 3,025 ballots declared that they had so voted on the last ballot.

A correspondent of the New York Times spent yesterday in Herkimer county, learning how the laws are enforced in Warner Miller's own bailiwick. In Herkimer, Ilion and Little Falls all the hotels and saloons were selling whiskey and beer. In some cases the front doors were open and there was no attempt at concealment, but in most cases the "side door racket" was worked. The revelations made by the correspondent have no special significance, for it is an open secret that in none of the cities and villages of the State which are under Republican rule are the Sunday laws enforced. The "Sunday law maintenance" plank in the Republican platform is intended to apply only to the Democratic city of New York.

The Baldwin Locomotive Works, of Philadelphia, has just received from Russia an order for forty locomotives for use on government railroads. For many years American locomotives have been in use in Central and South America, Australia, Japan and other countries but they were never able to get a sure foothold in European countries, for preference was always given the English type of locomotive by European railway managers, and when American manufacturers were given an opportunity to compete for contracts they

were almost invariably underbid by English or continental manufacturers. The contract given the Baldwin Works could not have been secured under old tariff conditions, and is a proof of the increasing ability of American manufacturers to compete successfully in the markets of the Old World.

Congressman R. B. Mahany, who led the Platt forces in Buffalo in the fight over the election of State Convention delegates, announces that he and his friends cannot honorably support the county and city candidates of the dominant faction and will run independent candidates. It seems certain that there will be a bitter factional fight, which may give the Democrats the control of city affairs, which they lost through internal dissensions like those that are now disrupting the Republican organization.

Proceedings Interrupted by Objectors to the Machine's Programme—Order Finally Restored.

BY UNITED PRESS.

BROOKLYN, Sept. 3.—The Republican convention for the Second Judicial District, held, to-day, developed into such an uproar because of opposition to the manner in which the convention was being run that proceedings had to be suspended. Order was finally restored and nominations presented. Henry B. Fullerton, of Orange, presented the name of Col. Wm. D. Dickey, of Newburgh.

## The Truth of History.

The Walden Citizen makes the egregious mistake of saying that "the Orange county fair when held in Middletown and Goshen always loses money." We are not familiar with the financial end of the Goshen fairs, but it is the truth of history that the latter day prosperity of the Orange County Agricultural Society dates from the fairs that it held in this city. It came here moribund, and almost bankrupt and left here with an overflowing treasury, with new life in its veins and with a reputation for first class exhibitions. It's bad taste to find fault with the bridge that carried the society from failure to success.

## DEADWOOD STAGE LOOKED NATURAL

Dick Tutthill Reminded of a Journey Across the Plains.

From the Wantage Recorder.

Richard S. Tutthill, postmaster at Unionville, was at Buffalo Bill's show in Middletown. "That old Deadwood stage looks natural," said he. "In 1863 I crossed the plains in one of those wagons. We were thirty days on the road for it was in the spring of the year, and every little while the wheels would go into a chuck hole and we'd have to get out and pull the stage out. That was a great journey and don't you forget it."

## THE LEADING FANCY GOODS STORE

ART EMBROIDERY EXHIBITION  
TUES., WED., THUR., OCT. 1, 2 AND 3.

Tasteful needle women are constantly in search of new and artistic ideas for decorative work, and we have, in answer to this demand, provided a fascinating and instructive novelty in the form of an Art Embroidery Exhibition. Our object in giving this exhibition is: First—To create an interest in this department of our store. Second—To give our lady friends the benefit of such useful helps, designs and suggestions which we feel will be of benefit to them in the future, and which will be presented on this occasion. The exhibition will be in charge of a lady (from New York city), who has had extensive experience in Art Embroidery, and will show you the different stitches, shadings, etc. Those who cannot not fail to attend the exhibition and get points about what is new in Art Embroidery. All are cordially invited.

## STREET PAVING MATTERS.

Remonstrances and Possibly Injunctions May Prevent Doing Work at This Late Date.

The Common Council will meet, to-night, to open bids for the paving of East Main street and Wickham avenue. If the members of the Council are wise they will go slow in the matter of awarding the contracts.

If we are correctly informed, a remonstrance signed by nearly every interested person on Wickham avenue is ready for presentation to the Council, but this of course can not be considered at the meeting, to-night, which is called for the special purpose of opening bids.

It is well known also that the property owners on East Main street do not want the street paved at this late date, and should the Council go on and disregard the known wishes of these people it may find itself confronted with an injunction.

One of the grounds on which an injunction will be asked for is, we understand, that the Street Committee has consented to allow the Traction Company to pave its share of the street on a sand base and at the present grade, while the property owners will be required to pay for a concrete base.

Whether such an arrangement has been made with the Traction Co. we have no positive knowledge, but such a story has gone abroad and is believed because the people are ready to believe almost anything possible with the present Common Council.

## THE SOLDIERS' RE-UNION.

The Wurtsboro Band Engaged—Citizens Asked to Decorate.

The local Soldiers' Re union Committee met at 40 West Main street, last Saturday night, and concluded to secure the Wurtsboro Band for Oct. 31.

All resident comrades must remember that this is our party, and that each and everyone should do all in his power to further the work of this week and make a success of this, the first re-union of Orange county soldiers since the war of 1861-5.

A committee on decorations, consisting of Ogden, Luckey and Wheeler was appointed. This committee would most earnestly request all our business men and others in the heart of the city to decorate their stores and houses on Oct. 31.

All contributions for the soldiers' dinner should be left at the harness store, No. 40 West Main street, not later than Thursday morning.

Our citizens must remember that we are not asking them for money, but should any prefer to show their good will in that way, please do not hand it to strangers or irresponsible persons pretending to represent the Reunion Committee.

## OBITUARY.

Lizzie E. Strait.

Lizzie E., only child of Mr. and Mrs. Frank Strait, died, yesterday morning, at the home of her parents at Eight-and-a-Half Station, aged six years and sixteen days. The cause of death was pneumonia, and she had been ill for about two months.

She was a bright and interesting child, with a remarkably sweet and lovable disposition. Her death is a sad blow to her parents and they have the sympathy of many friends in the great sorrow that has come upon them.

"Nothing But Wind."

A report was current at Lake Mohawk, Saturday night, that the stage to Lake Minnewaska had been held up by highwaymen. At the service of song in the hotel parlors, yesterday morning, Mr. Smiley, proprietor of the hotel, said there had been no robbery, the story was untrue, "was nothing but wind." As he spoke, a sudden storm with high wind struck the building and the swinging doors of the parlor were blown to with startling bang and crash, whereupon, with ready wit, Mr. Smiley exclaimed, "there, didn't I tell you it was all wind!"

An Italian Divorce Case.

John C. R. Taylor, Esq., in Judge Brown's Special Term, Saturday, as attorney for Dominico Fatima, who is suing Erminia Fatima for a divorce. The woman denies the allegations of unfaithfulness and says her husband wants to get rid of her because she would not lead an immoral life. She says that he has told her repeatedly that "marriage in America is a farce." There were a score of witnesses and Judge Brown referred the case to L. W. X. McCroskery.

## TROUBLE IN LITTLE ITALY.

It Wasn't a Dry Sunday There and as a Result Pistols and Knives Were Used—The Recorder's Busy Day.

The Italian colony in this city had a lively time yesterday, and Recorder Bradner has several cases to dispose of as a result of the arduousness that occurred.

The first intimation of the racket that was received at police headquarters was when a man entered the room in breathless haste and informed Capt. Grier that an Italian was running amuck with a revolver at the Wickham avenue depot.

Officer Walsh was despatched to the scene, but on his arrival matters had quieted down and no one could point out the man who had done the shooting.

On his return trip the officer passed through Cottage street just in time to see a scrap between Nicholas Meallo and Stephen Damon. The latter was bleeding from a wound on the lower lip, and accused Meallo of having bitten him. Meallo was locked up and subsequently bailed out. He pleaded not guilty to the charge of assault in the third degree and was released on bail for an examination at 4:30 o'clock, this afternoon.

Angelo Russo made his appearance in police court, late yesterday afternoon, and exhibited a knife wound in his left thigh and made a complaint against Dominick Futino, whom he accused of having assaulted him. Russo said that he saw a crowd of Italians quarreling on Cottage street and that he crossed over to where they were to quiet them. His offer to become peacemaker was not taken kindly by the belligerents and in the melee which ensued he received the knife wound.

He also said that some one shot at him several times but could not tell who did the shooting.

It is all probability it was these shots which caused the first complaint to be made to the police.

Futino was given a hearing, which was adjourned until 4:30 o'clock to secure the presence of important witnesses.

## ASSAULTED AND ROBBED.

A Tramp With Money the Victim of Tramps Without Money.

John Warden, of Jersey City, who was stealing a ride in a box car on the Erie, Friday evening, was assaulted and robbed of \$35 by two tramps who entered the car at bridge No. 2, west of Port Jervis.

Warden fought desperately to keep his money but the tramps stabbed him five times and finally overpowered him, and after robbing him left him bleeding upon the floor of the car. He is now in the care of the poormaster of Pike county.

Appeal in the Norwich Church Case Withdrawn.

Counsel for Pastor Cass's faction in the Norwich Baptist Church fight has notified counsel for the old Board of Trustees of the withdrawal of the appeal from Judge Smith's decision denying a motion to compel the trustees to open the church to the Cassites and transfer the church property to the trustees elected by Cass and his followers.

Repairing the Pampling Station Boiler.

INCIDENTS AND HAPPENINGS IN GOSHEN.

Thrashed Them Both—Ready for the Fire Parade—Broke His Leg, From Our Regular Correspondent.

A story is current about town that a married woman caught her husband out with another woman whereupon she administered a sound thrashing both to her husband and the woman who was in company with him. No arrests were made.

—Mr. and Mrs. W. H. Kanway, of New York city, are visiting friends and relatives in this village.

—All the final preparations are being made for the fire parade, which will occur, Thursday. Seven companies will be entertained and the same number of bands. The Cata-racts will entertain their guests at the St. Elmo, the Elliots at the Orange and the Dikemans at the Occidental. The Dikemans will give a dance at Music Hall in the evening and all visiting firemen will be admitted free.

—What's the matter with Captain Joe Hunter's aggregation of ball players? Since they suffered defeat by the Goshen club they haven't been heard of.

—Mr. H. W. Blake met with a painful accident, Saturday afternoon, while unloading a keg of whiskey in the yard of Mr. Haffner. A keg which was in the upper part of his wagon, held fast by a stone under it, was loosened by the stone giving way and the keg rolled down from the front of the wagon, striking Mr. Blake on the leg and breaking it.

—The 6:35 car from this village, to-morrow morning, will meet the Mary Powell excursion train at Main street.

## IN ANCIENT GOSHEN.

The Junior Auxiliary Entertainment—Personal Notes—A Sad Affliction, From a Special Correspondent.

—The Junior Auxiliary entertainment at Music Hall, on Thursday evening, was a very pleasant affair. The display of fancy articles was attractive and the charade and play both well acted. The charade was in three scenes, the word to be guessed proving to be the three syllabled one, manager. Those taking part in it were the Misses Emma Vail, Maud Wright, Daisy VanSteenbergh, Julie and May Grier, Ruth Ireland and Elsie Burt, and Messrs. H. C. Duryea, Floyd Halstead and Harry VanSteenbergh. The play, which told of the trials and tribulations of the "Only Man in Town," was very well done by the Misses Adeline Thompson, Helen Duryea, Jennie Kipp, Loua Bidel, Sara Brown and Dolly Church, with Master Ernest Tutbill in the title role. The auxiliary realized a very nice sum from the entertainment.

—Mrs. Preston, mother of Mrs. Alfred Neafie, of this village, is seriously ill from the effects of an apoplectic stroke, at the home of friends in New Bedford, Mass.

—A number of the Middletown chorus were present at the rehearsal of the Goshen Vocal Society, Friday evening.

—Mrs. J. H. Iselin and family, who have been occupying the Wiener cottage, in this village, for a portion of the summer, will return to their home in New York on Tuesday of next week.

—A paragraph that has been going the rounds of the newspapers, lately, is calculated to bring sorrow to many hearts. It is to the effect that there is danger of the auk becoming extinct. The dry weather, the scarcity of water, the neighboring fires, we could bear, for we still had the consolation of knowing that somewhere in this weary world there were still aukes, but now the prospect of an aukless existence stretches drearily before us all. We probably never realized quite all that this bird has always been to us until now that there is a prospect of its vanishing entirely from our lives.

# CASTORIA

for Infants and Children.

**MOTHERS, Do You Know** that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

**Do You Know** that opium and morphine are stupefying narcotic poisons?

**Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

**Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

**Do You Know** that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

**Do You Know** that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

**Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

**Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

**Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

**Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Dr. H. Pitcher* is on every wrapper.

### The Bitter Bit.

In a Pullman car on the Manchester, Sheffield and Lincolnshire railway the other week a young traveler noticed an old, white-headed gentleman trying to get into a light dust coat. The young man rushed to his assistance, and in helping him with the garment noticed a good sized whisky flask protruding from one of the pockets. Being of a waggish nature, he appropriated the bottle, helped the stranger on with his coat, and then pulling out the flask said, "Will you take a drink?"

The old man did not recognize the bottle, and drawing himself up remarked rather severely:

"No, sir. I never drink."

"It won't hurt you," insisted the wag. "It's the best."

"Young man," said the old gentleman, speaking loud enough for all in the carriage to hear, "if you persist in drinking whisky you will be a ruined man at 40. It is the curse of the land. When I was a boy my mother died, and the last thing she did was to call me to her bedside and say, 'John, promise me that you will never touch a drop of liquor.'"

"Oh, well, in that case," said the joker, "I must drink it myself." Whereupon, snatching the bottle from the words, he pulled the cork out and took a good drink.

A moment later he dropped the bottle with an exclamation which certainly didn't sound like a blessing and yelled out: "Ugh, ugh! My mouth's all raw."

Then it was the old gentleman discovered his loss, and to the amusement of the other passengers said: "Ah, young man, you will be careful in future before you take other people's property. I am Dr. —, and that bottle contained some quinine and iron for one of my patients."

The young man got out at the next station.—Pearson's Weekly.

### He Took Her Back.

A witty and popular London clergyman has had an unpleasant experience. One Sunday recently he was going up the steps of his church when he was asked by an old lady (who of course did not know him) to help her up the steps. With his usual good grace he complied with her request.

On reaching the top she asked him who was to preach.

"The Rev. Mr. Jeff," replied he (that being his own name).

"O Lor," exclaimed the old lady, "help me down again! I'd rather listen to a man sharpening a saw. Please help me down again. I don't care to go in."

At first he was inclined to refuse, but then he gently helped her down again, remarking as he reached the bottom, "I would not go in either if I was not paid for it."—Exchange.

### In Their Midst.

With a gesture the savage monarch commanded silence.

"My people," he said, "I take great pleasure in introducing this traveler to you. I am sure it speaks for all when I tell him we shall be glad to have him in our midst. I take this occasion to caution the children not to eat too much since he is reputed to be very rich."

Whereupon it plainly appeared that his majesty was not only witty, but schooled in the finer shades of meaning of the English tongue.—Detroit Tribune.

### A Gentle Criticism.

While it may seem presumptuous on the part of a society to criticize a dramatic company that claims to carry three caricatures of "stereotypes," still we must venture to remark that the grand transformation scene in "The Little Cabin" as given at our opera house last night by the Harris-Turner Dramatic company, would be much more of a life-size angel which represents the actor and would refrain from chewing gum.—Pittsburgh Bugle.

### An American Heliotte.

**Razors of Ancient Days.**

If man at the very beginning was hairy, when did he afterward learn to get rid of at least a portion of his hair? That brings us down at once to shaving. At first the hairs on the jaws and chin must have been plucked out singly. Could a process of this kind, carried out during immeasurable periods, have produced a comparatively hairless race, as are our Indians? If man shaved first with a shell or a bit of flint, his sufferings must have been intense. Prehistoric men in Great Britain, Ireland, France and Italy used bronze razors, for we find them today. Generally these razors had a tang, with a hole in the tang, so that they could be suspended. The razors are rounded on the edge and resemble in shape those of the Chinese.—New York Times.

**Untold Forces of Nature.**

Mr. David H. Wyckoff recently wrote that 1,000,000 horsepower could not produce the effect that a single flash of lightning has been known to accomplish. He believed that we have as yet hardly begun to utilize the forces of nature.

**Old Shoes For New.**

Inmates of the House of Correction, when they are discharged from that institution, are usually furnished with a brand new pair of shoes in which to start anew the journey of life. The traders stand outside the gates and wait for these discharged prisoners. The latter are not slow to part with their new shoes in exchange for the old ones offered by the traders, not only because the old shoes are more comfortable, but because there is a money consideration too. The House of Correction shoes are strongly made and command a fair price among workmen. The traders pay a bounty of about 25 cents, together with the old pair of shoes in exchange for each new pair, and they make money by the deal.—Philadelphia Record.

**The Better Part of Valor.**

"Isn't that Colonel Jones with his shotgun?" asked the editor.

"It is," replied the foreman.

"I think you are right," said the editor. "Suppose you crawl in the stove there, and I'll just step up stairs and see if the roof doesn't need repairing!"—Atlanta Constitution.

## THE STANTON STREET MUDDLE.

Houses that encroach on the street—builders mistook the width of the street.

The extension of the electric railway through Stanton street has developed a strange condition of affairs in that neighborhood, and one which, unless it is remedied at once, will entail great inconvenience and pecuniary loss to the property holders on that street.

The street, as accepted by the city, called for a thoroughfare fifty feet wide. Those who have built on the street placed their houses with the idea that the street was to be forty feet in width. The result is that since the city engineer has surveyed the street and the Traction Company laid rails and planted poles nearly every property owner finds that he is encroaching upon city property. In some cases the poles are set in the door yards of the properties and, as the poles are set at the curb line, in order to secure a sidewalk, it will be necessary to take these door yards and remove the piazzas of several dwellings.

As all of these houses are built upon the west side of the street and there are no houses on the opposite side, it would seem that an easy remedy for the difficulty would be to move the line of the street ten feet or more to the east. The property on that side would not be injured to any great extent and the cost of condemnation proceedings would not be much in excess of the cost of moving the buildings back from the street.

The property owners on the street should act in this matter and have it settled before the city finishes the work of grading.

## COW KILLED BY AN ELECTRIC CAR.

No Damage Suit to Follow, as the Animal Was Owned by the Traction Company.

Car 22, E. J. Gould conductor and Ed. Royce motorman, struck and killed a cow on the curve this side of Rock Cut, about 8 o'clock Saturday night.

The cow was standing on the track and refused to move, and as the motorman did not see her until too late to stop she was run down.

The forward trucks of the car were thrown from the rails and the car was delayed some time.

There will be no suit for damages in this case, as the cow was owned by the Traction Company, which also owns the Doty farm at that place.

## Marlborough Narrowly Escapes Destruction.

A fire which broke out in the Exchange Hotel stables in Marlborough, Saturday afternoon, destroyed that building, the barns on the E. A. Merritt estate, and the house of Miss Phoebe Warren. The village's water supply had given out, and the whole village seemed doomed to destruction, but the whole population worked with might and main and succeeded in staying the progress of the flames until a steamer arrived from Newburgh, when with water pumped from a pond the flames were extinguished. The loss by the fire is about \$10,000.

## Heavy Freight Traffic on the Erie.

The Erie is having a rush of east bound freight such as it has not had in more than a year.

On Friday last, 1,670 loaded cars passed east over the road, and the daily average is about 1,300 cars.

The freight consists of grain, coal and general merchandise.

## Lost a Finger.

Mr. Charles Weller, of near Slate Hill, lost the little finger of his right hand in a singular manner a day or two ago. He was grinding an axe, when it slipped and caught his finger between the stone and the edge of the axe, severing the member.

## Newburgh's Water Supply Giving Out.

There are only eight feet of water in Newburgh's reservoir, and the Water Commissioners have issued an earnest appeal to consumers to use every care to prevent waste of the precious fluid. The reservoir is lowered at the rate of two and a half inches a day.

## At the College of Pharmacy.

Messrs. Howard Hagen, Frank Phillips and Howard Barnes went to New York, today, to resume their studies in the New York College of Pharmacy. Mr. Frank Orden, who graduated last year, also returned to the college to take a post graduate course.

## Base Ball Notes.

The champion Baltimoreans had a close call at Paterson, yesterday, only winning by one run, score 8 to 7. Lawler played with Paterson.

## A Baby's Life Saved.

ADDISON, N. Y., April 8, 1894.—Hand Medicine Co.—"I feel it my duty to write you in regard to my little daughter's sickness from teething and indigestion. She is seven months old. Two of the best physicians gave her up. One bottle of Dr. Hand's Teething Lotion relieved her so much that we tried Dr. Hand's Colic Cure also, and at once saw a change for the better. These remedies saved my baby's life.—Mrs. Wellington Brown." Dr. Hand's Colic Cure and Dr. Hand's Teething Lotion sold by all druggists, 25c.

## THE DROWNED LANDS FIRES.

Fanned by Strong Breezes They Made Great Progress Yesterday.

The fires in Cedar and Pumpkin swamps on yesterday's brisk breezes, fanned fiercely and spread more rapidly than they have done at any time since they broke out. After midnight they lighted up the southern horizon.

Mary people from Middletown, Goshen and other places drove, yesterday, to the vicinity of the Cedar Swamp fire, and were amazed at the damage that had been done. The swamp is heavily timbered with cedar and is divided into lots, which are owned by farmers in the vicinity and from which they cut poles and posts for fencing. A large area has already been burned over, and at the rate at which the fire is spreading the whole swamp will be destroyed unless a drenching rain comes soon, for nothing can be done to check the progress of the flame.

## BRANCHING OUT.

Messrs. Dayton & Son to Open Another Store.

Messrs. B. S. Dayton & Son needing more room for the transaction of their business, have purchased the restaurant of L. E. Garrison on North street. They will sell out the restaurant fixtures, put in a new front and remodel the store and put in a stock of goods similar to that carried in the store at the corner of North and King streets, and will operate both stores.

## THE "SILVER KING."

Carl A. Haswell's Great Melodrama To-night's Attraction at the Casino.

The "Silver King," considered by many to be the greatest melodrama ever written, will be the attraction at the Casino, this evening. Probably the reason that the "Silver King" is a lasting success is due to the fact that it does not depend upon stage carpentry and scenery for interest, but rises superior to these accompaniments. It is pronounced the best melodrama which has ever been produced upon the boards, and the lapse of time only serves to give it a stronger hold upon the public taste. Columns have been written in its praise, sermons have been preached about it by the most eloquent divines, and still the mention of the performance is enough to fill the largest theatres.

## Work on the New Telephone Line.

Mr. Henry C. Otis, who has charge of the work of erecting the lines of the Orange County Telephone Company is making good progress with the work of pole setting. Nearly all the poles on the outlying streets have been erected and many of the larger poles to be erected in the center of the city have been distributed. As soon as all the poles are in place the work of stringing the wires will be begun.

## Bold Burglars Down the Erie.

Burglars have been operating quite extensively of late on the line of the Erie in New Jersey. The residence of Henry Mayes, at Clifton, was entered Friday night and robbed of \$100 worth of silverware. The home of Mr. Cronk, in Passaic, was also entered and when he, having heard a noise, came down stairs to investigate the thieves shot at him before making their escape.

## A Small Wreck on the Erie.

A broken truck under a car of extra 247, an east bound freight on the Erie, caused a small wreck at New Hampton, last night. Two coal cars were demolished and the track blocked for some time.

## An Evening With Shakespeare.

Miss Anna Randall Diehl, an eloquent of established reputation, will give "An Evening With Shakespeare," at Mrs. F. O. Tompkins, on Highland avenue, Tuesday evening, Oct. 8th. Miss Diehl comes here under the auspices of "The Tourists." Invitations will be extended to the Travel Club and a few other friends.

## A FUNNY MELON STORY.

A Greenville Farmer Loses His Melons and Finds a Pocketbook and \$40.

From the Port Jervis Gazette. A rather funny story comes from Greenville. Mr. Alexander Lee, of that town, is the possessor of a fine patch of watermelons. A few mornings ago, he discovered that some time during the night this patch had been visited and several melons taken. He also found a pocketbook, which had evidently been dropped by the man who carried off his property. It contained the name of its owner and \$40 in money.

The man did not advertise for his lost property, and Mr. Lee generously returned it to him with the money intact. We leave it to the reader to judge of the embarrassment of its owner, who, it is safe to say, will profit by the lesson taught him and will raise his own melons in the future.

## Before the Recorder.

Charles Meyers was arrested upon a charge of being a disorderly person and neglecting to provide for his children. Upon his promise to do better the Recorder discharged him with a reprimand.

Peter Van Leuvan, an old offender, was given the alternative of paying a fine of \$5 or spending ten days in Goshen for intoxication. He went down.

## Home from Lake Mohonk.

Most of the members of the Lake Mohonk party returned on O. and W. train 1, this morning, more than pleased with their visit to that wonderful resort. Several ladies who felt that they hadn't had enough of Lake Mohonk scenery and Lake Mohonk air decided to spend to-day there and will return on the evening train.

## Did You Ever Think.

That you cannot be well unless you have pure, rich blood? If you are weak, tired, languid and all run down, it is because your blood is impoverished and lacks vitality. These troubles may be overcome by Hood's Sarsaparilla because Hood's Sarsaparilla makes pure, rich blood. It is, in truth the great blood purifier.

HOOD'S PILLS cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.

## THE TURN OF LIFE.

WOMAN'S CRITICAL PERIOD

Contemplated with Less Fear than of Old.

[SPECIAL TO OUR LADY READERS]

There is no period in woman's earthly career which she approaches with so much anxiety as the "change of life." Yet during the past twenty years women have learned much from a woman.

It is safe to say that women who prepare themselves for the eventful period pass through it much easier than in the past.

There is but one course to pursue. Lydia E. Pinkham's Vegetable Compound should be used in time to subdue the nervous complications, and prepare the system for the change.

It is well for those approaching the time to write Mrs. Pinkham, at Lynn, Mass., and get her free advice.

Such testimony as the following should be convincing:—

"Your Vegetable Compound has been a God-send to me; it saved my life when all else failed."

I would have been in my grave ten years ago but for it. My womb had fallen and rested on the bladder. The doctor could not relieve me; my mind was deranged. Your Compound cured me. It helped me through the change of life all right; am now in good health. It has also cured my husband of kidney trouble; made him like a new man. Please state my words in the strongest terms. I am glad to send you my picture. I travelled twelve miles to have it taken for you. MRS. W. L. DAY, Buttsville, O.

have been in my grave ten years ago but for it. My womb had fallen and rested on the bladder. The doctor could not relieve me; my mind was deranged. Your Compound cured me. It helped me through the change of life all right; am now in good health. It has also cured my husband of kidney trouble; made him like a new man. Please state my words in the strongest terms. I am glad to send you my picture. I travelled twelve miles to have it taken for you. MRS. W. L. DAY, Buttsville, O.
